Case study - Interscale M

nVent
SCHROFF

COMPUTER-ON-MODULES (COM)

REQUIREMENT

Interscale M applied as a flexible case for COMs.

SOLUTION

Customer can easily use a Computer-on-Module and doesn't need to worry about the complex design of the COM, but can focus on his core business. To tailor this modular solution to the application's specific needs, only the carrier board including all necessary interfaces for the individual application has to be defined.

Project Details	
Location	-
Type of system	-
Technology	-
Product scope	First 5 prototypes with potential for large production runs
Date/Time frame	03 / 2014
Contract scope	-
