**We Connect and protect – Empowering through digitization**  
nVent SCHROFF at electronica 2018, Hall A2, Booth 514

**STRAUBENHARDT, October 08, 2018 – Schroff GmbH**

nVent Electric plc is a newly listed company that was created from the former "Electrical" business unit of Pentair on May 1, 2018 and features the CADDY, ERICO, HOFFMAN, RAYCHEM, SCHROFF AND TRACER brands. nVent will be exhibiting SCHROFF brand products at the upcoming electronica trade show in Munich from November 13 to 16, 2018. In the course of founding this new company, Pentair Technical Solutions GmbH was also renamed Schroff GmbH and is part of the nVent Group.

nVent SCHROFF is using the slogan, "EMPOWERING THROUGH DIGITIZATION" at electronica to present new developments and refinements contributing to increased digitalization in development, production and in applications. nVent is focusing on customers by accelerating development and design cycles. . Online configuration tools, instant prices and rapid prototyping all play an important role. In addition, with SCHROFF innovative products, nVent makes it possible to establish applications in a digital environment, from the IoT to autonomous driving.

Customers who visit nVent SCHROFF at Booth 514 in Hall A2 will have the chance to experience our new e-commerce capabilities and configure products with our cabinet, front panel and new subrack tools. Once configured, front panels can be 3D printed to take with you. There will also be a showcase of prototyping through direct connection to 3D printers. These printers make it possible for a front panel configured at the trade show to be available immediately as a 3D plastic model. The product innovations being presented by nVent include the COM carrier with a variety of new cooling solutions and a PXIe system with 18 slots and new functions. nVent SCHROFF product portfolio includes various electrical cabinets, 19" subracks and front panels, Advanced TCA and MicroTCA systems as well as small form factor enclosures.

### **About Enclosures**

nVent offers a wide range of enclosures to accommodate key systems. Our enclosures are marketed under the nVent HOFFMAN and nVent SCHROFF brands and offer double protection. The SCHROFF brand offers an extensive portfolio of accessories for protecting printed circuit boards, including card retainers, conduction-cooled board supports, front panels and handles, subracks, cases, backplanes, power supplies, cabinets and pre-assembled chassis for embedded computing systems as well as hardware management systems. For further information, please visit [schroff.nvent.com](http://schroff.nvent.com).

### **About nVent**

nVent is a leading global provider of electrical connection and protection solutions. We believe our inventive electrical solutions enable safer systems and ensure a more secure world. We design, manufacture, market, install and service high performance products and solutions that connect and protect some of the world's most sensitive equipment, buildings and critical processes. We offer a comprehensive range of enclosures, electrical connections and fastening and thermal management solutions across industry-leading brands that are recognized globally for quality, reliability and innovation. Our principal office is in London, United Kingdom and our management office in the United States is in Minneapolis, Minnesota. Our robust portfolio of leading electrical product brands dates back more than 100 years and includes nVent, CADDY, ERICO, HOFFMAN, RAYCHEM, SCHROFF and TRACER.
